Hon'ble Sir,

The extra-ordinary General Meeting of the Sahu Jain Employees' Union held on date unanimously resolved:

"That the Bonus Act of 1965 created a scope for the Big Businessmen and the Industrialists of the Country to deprive their workmen from getting usual legitimate share of Bonus. In our opinion or it is the opinion of the workmen of the Country as a whole that it is very difficult to understand the exact Profit earned by the Concerns, Manager, through their Balance Sheet. On the contrary the Government is indifferent in finding out the loop-holes of the same. Further it is pointed out that the Bonus Act did not mention anything about Puja Bonus and/or Customary Bonus and this has helped the Businessmen and the Industrialists to deprive the workmen in their Establishments by paying less taking shelter under the Bonus Act. They are adamant to pay only the minimum i.e. the 4%. In many cases the staff members have been deprived of their legitimate Bonus for ever.

As for instance, Sahu Jain Management, had been paying 1½ months to 2 months gross salary as Bonus every year to their employees during the last 20 years before Durga Pujas in Bengal, but this year they have declared only 4% as interim Bonus, which from our experience, we can confidently say, should be treated as final Bonus. This 4% works out to only 14 days salary.

So, this Meeting thus urges upon the Union Government to please arrange amendment of the necessary clauses

of the Bonus Act, so that the Employees' as a whole may get their existing benefit before the Bonus Act was introduced and that the peace is maintained in the Industries. In other words, the quantum of Bonus that was usually being paid by the Big Business Houses till 1963-64 must be maintained or otherwise be enhanced due to the unexpected and ever increasing prices of all essential commodities.

Yours faithfully,
for SAHU JAIN EMPLOYEES' UNION.
